#### INTRODUCTION

The Mabel Hayes Boettger Papers primarily consist of material related to the subject's career as a nurse. In addition, there are items that document other highlights in the late teenage and early adult years of Ms. Boettger's life.

Researchers interested in the **nursing profession** during the 1920s should consult the books on nursing and the certificates she received that licensed her to be a registered nurse.

**Arrangement:** The Mabel H. Boettger Papers are arranged into four series, and within each series materials are filed alphabetically. The following are the four series: **Financial**, ca. 1931; **Miscellaneous**, ca. 1922; **Photographs**, ca. 1906-25; and **Printed**, ca. 1906-23.

**Provenance:** The items in this collection descended to Ms. Boettger's daughter, Mrs. Jasper Seabolt of Greensboro; she donated them, along with numerous three-dimensional objects, to the Greensboro Historical Museum in 1984. (Archival Accession Numbers: 1984.95.1-16)

**Processing:** This collection was organized and the finding aid prepared by F. D. Pitts III in April 1997.

#### BIOGRAPHICAL NOTE

Mabel Hayes Boettger, born about 1890, was a resident of Oberlin, Kansas, when she graduated from high school in 1906. She attended the **Ford Hospital Training School for Nurses** in Omaha, Nebraska, receiving a diploma from that institution in 1922. She became a registered nurse in Nebraska in the same year, and subsequently, in 1923, received certificates licensing her in Kansas and Wyoming. She married **Dr. James P. Boettger** in Oberlin, Kansas, in 1923. She had at least one child, a daughter (Mrs. Jasper Seabolt) who moved to Greensboro, North Carolina, some time prior to 1984.

**Biographical Sources:** The chief source of information on Ms. Boettger comes from the material in the collection.

## SCOPE & CONTENT NOTE

The types of materials in this collection include **books, certificates, a commencement program, a diploma, invitations, photographs, and visiting cards**, most of which pertain to Ms. Boettger's career as a nurse.

Researchers interested in the nursing profession during the 1920s should consult the books, certificates, diploma, and a photograph of Mabel H. Boettger in a nurse's uniform.

For researchers interested in the **history of education**, the high school program for the commencement ceremony could be of interest because it indicates the course of study available in some places during the first decade of the twentieth century. The visiting cards are noteworthy in that they represent a custom that is no longer practiced.

It should be noted here that the collection does not contain any material directly associated with Greensboro or the state of North Carolina.
