HISTORICAL NOTE

The Berry Coal and Wood Company was founded in 1924 by William Nathan “W.N.” Berry and his wife Elizabeth “Bess.” Initially located on West Bragg Street, it later moved to West Lee Street and then Bessemer Avenue as it expanded. W.N. served as the president and Bess as secretary-treasurer, soliciting orders and collecting payments door-to-door in the community. The company began by delivering coal with a horse and wagon, and they were soon superseded by trucks. As demands changed, it began offering oil as the main fuel and added air conditioning to its services. W.N.’s son John succeeded him as president and was replaced by his brother Joseph around 1970, by which time the company had been renamed Berico Fuels, Inc.

SCOPE & CONTENT NOTE

This collection consists primarily of financial and legal materials relating to the Berry Coal Company. Included are financial reports (1:2-3), tax information (1:13), loan contracts and mortgages (1:5,8,2:1,4,5), financial and legal correspondence (1:4; 2:2), property deeds (2:7-8), a ledger (1:10), installation records (3:2), payment receipts (1:1,9), photographs (3:5), and postcards (3:6). The collection focuses on the legal operations of the company, with little information about its daily operations or services to the Greensboro community. The lack of context for many materials and the specialized nature of many legal materials are weaknesses. Researchers interested in the founding of the Berry Coal Company and its detailed legal and financial operations will find this collection useful.
