**Earley W. Bridges Collection of O. Henryana, ca. 1880-1961 [bulk 1930s-1950s].
1 box (16 folders), ca. 335 items.**

INTRODUCTION

The Earley W. Bridges Collection of O. Henryana consists primarily of newspaper clippings and secondary sources about William Sidney Porter. Although many items are available in other collections, several are unique to this collection. Of particular interest is the Literary Productions series, which contains Shirley Worth Porter's recollections about his brother, William Sidney Porter. The correspondence documents Shirley Porter's efforts to publish his reminiscences as well as efforts by Earley Bridges to trace William Sidney Porter's family tree. This collection contains no William Sidney Porter originals and no original items contemporary to him. Its main value is research, with some of the photographs being of exhibit quality.

Arrangement: This collection is arranged into seven series by material type. The series are: **Correspondence**, 1933-1953; **Printed Materials**, ca. 1945, 1947; **Legal Documents**, 1941; **Literary Productions**, ca. 1930s; **Newspaper Clippings**, 1919-1961; **Photographs**; and **Miscellaneous**, ca. 1880-1957, undated.

Provenance: This collection was donated to the Greensboro Historical Museum by Earley W. Bridges and assigned accession number 1961.26.3.

The collection was purchased in large part by Bridges from and from the estate of Shirley Worth Porter, brother of William Sidney Porter (O. Henry). In 1946, he bought "from a lady that waited on [Shirley Worth Porter] during the last years of his life" a collection of documents, photographs and artifacts (writing desk of Mary Jane Virginia Swaim Porter, etc.) of Shirley Porter and his family.

Over the years, these items were scattered throughout the museum and used for various purposes. All items were not marked as belonging to the collection and therefore several are included in the finding aid for the William Sidney Porter Papers (although they are not specifically identified there as Bridges items).

Processing: This collection was processed by Karen C. Carroll., and the finding aid was completed in October 1983. The item listing at the end was compiled around 1980 by an unknown museum staff member.

BIOGRAPHICAL NOTE

For a biographical sketch of O. Henry, see the finding aid for the William Sidney Porter Papers at <http://archives.greensborohistory.org/manuscripts/porter-ws>.

Earley Bridges (1894-1974) was instrumental in the early years of the Greensboro Masonic Museum and made several donations of O. Henry artifacts to the Greensboro Historical Museum.

SCOPE & CONTENT NOTE

This collection consists primarily of newspaper clippings and secondary sources about William Sidney Porter. Although many items duplicate other collections, several are unique.

A folder of correspondence with Shirley Worth Porter contains several recollections of William Sidney Porter and also documents Shirley Porter's efforts to publish his remembrances. The Bridges correspondence relates to genealogical research on William Sidney Porter conducted by Mrs. Euphemia Dow, a Massachusetts genealogist, in the early 1950s. It is accompanied by some notes.

Manuscript and typescript personal remembrances of Shirley Worth Porter provide interesting anecdotes from the early life with William Sidney Porter. Most of the printed materials are duplication, except for a circa 1960 postcard of the general land office in Austin, Texas. The most unusual newspaper clippings relate to William Sidney Porter's Texas years, while the majority of the photographs are black and white enlargements of images in other collections.

SERIES DESCRIPTIONS

1. Correspondence. 53 items. 1933-1953 [bulk 1947-1949].

This series includes an ALS (1947) from Sarah Porter to A.E. Weatherly of Greensboro. A series of correspondence to and from Shirley Porter contains letters to family members about general events and to other persons (editors, publishers, etc.) about publishing in some way his recollections of his brother. Other correspondence deals with questions and facts about William Sidney Porter (for example, did his parents ever live on E. Washington Street, the Porter farm – "Houston" house, an explanation of the Porter plat map, etc.). The incoming and outgoing Bridges letters deal in large part with efforts to trace the lineage of William Sidney Porter. The miscellaneous letter is a presumably unrelated item about Edgeworth Seminary.

2. Printed Materials. 12 items. ca. 1945, 1947.

This series contains seven postcards: two of Greensboro and five from Austin, Texas, including one of the Texas Land Office. Four booklets include two copies of "Glance at Greensboro" (September 1947; the official publication of the Greensboro Chamber of Commerce); and two copies of "The Mystery of O. Henry," a reprint by the Greensboro Chamber of Commerce of an article published in the August 1947 issue of *Reader's Digest*. In addition, the series holds a brochure issued on the 15th anniversary of the Greensboro Historical Museum Society in 1939. It contains a brief history of the organization, a list of its officers and directors, and a membership application.

3. Legal Documents. 1 item. 1941.

This item is an acceptance notice with cover to Shirley Porter for an old age assistance award (social security) from the Pitt County Board of Welfare.

4. Literary Productions. 35 items. ca. 1930s.

These manuscript and typescript anecdotes by Shirley Worth Porter contain his recollections of William Sidney Porter. Many items are written in Shirley Porter's hand and a duplicate follows. Shirley Porter was gathering the stories, averaging 5 to 7 pages in length, in an effort to publish his recollections. Included in the back are several pages of comments by Earley Bridges (also see the William Sidney Porter Papers 4:3).

5. Newspaper Clippings. ca. 150 items. 1919-1961.

This series contains clippings about William Sidney Porter and his work. It includes a photograph of the general land office in Austin, Texas; an obituary of Mrs. P.G.
